Technical Skills: C, C++, Java, Python, JavaScript, TypeScript, HTML, CSS, React JS, Next JS, Node JS, Express JS, Bootstrap, Tailwind CSS, MySQL, MongoDB, PostgreSQL, Clerk, Framer Motion
Behavioral Skills: Communication, Teamwork, Adaptability, Problem-Solving, Leadership, Time Management
Tools: Git, GitHub, Visual Studio Code, Sublime Text, Figma

Recent Works

Insight Blend Analytics   July 2024 – September 2024
Web Developer   *Kakinada, Andhra Pradesh*

- Developed the website for Insight Blend Analytics using React JS, Tailwind CSS, and Framer Motion, focusing on responsive design, interactive features and elegant animations.Utilized Git and GitHub for version control to manage code changes and collaboration. Deployed the site with Render for reliable hosting and optimal performance. https://github.com/The-Software-Squad/insightblendanalytics

Projects

Placement Plus | *NextJS, Tailwind CSS, Clerk, MongoDB, NodeJS, Typescript*   February 2024

- Developed an intuitive and efficient platform to address missed job applications and notifications, enabling students to effectively track job applications, exam schedules, and important deadlines, while driving adoption across educational institutions. https://github.com/Viswanathnani12/PLacement$_{plus}$

Vehicle Vault | *ReactJs , CSS, Javascript, NodeJS, ExpressJS , MongoDB*   August 2023

- Developed a web application that enables users to input a Vehicle ID and retrieve details such as owner's name, vehicle type, and license plate number. The application is designed to resolve parking management issues in organizations or residential areas by providing quick and efficient access to vehicle information. https://github.com/Viswanathnani12/Vehicle$_{V}ault$

E-Commerce | *ReactJs , CSS, Javascript, NodeJS, ExpressJS , MongoDB*   August 2023

- Developed a modern, responsive front-end application for an e-commerce store. Specialized in electronic gadgets, focusing on optimizing user experience. Designed and implemented an intuitive interface to enhance customer engagement. Ensured seamless functionality and performance across various devices and screen sizes.

Leadership / Extracurricular

- Served as Team Lead for the Vehicle Vault project, overseeing development, coordination, and successful execution.Served as Team Lead for the Vehicle Vault project, overseeing development, coordination, and successful execution.
- Completed 300+ problem-solving challenges on LeetCode and 200+ on GeeksforGeeks, demonstrating strong algorithmic and coding skills.

Certifications

- IT Specialist JavaScript Certification
- Completed Java Basic certification through HackerRank.
- Completed JavaScript Basic certification through HackerRank.
- Completed CSS certification through HackerRank.
